

Studying UCD Engineering

Year 1

Explore your options

Physics

Chemistry

Mathematics

Energy Engineering

Mechanics

Electrical/ Electronic
Engineering

Creativity in Design

Engineering Computing

These core modules are supplemented by a range of option modules that will enable you to develop within your chosen specialisation and areas of interest.

Years
2 & 3

Choose your pathway

Biomedical

Chemical &
Bioprocess

Civil

Electrical/
Electronic

Mechanical

Structural
Engineering
with Architecture

Sustainable
Systems

Optional Study Abroad Opportunity (Year 3)

Years
4 & 5

Focus on your area(s) of specialisation

Bachelor of Engineering BE (4 years)

Master of Engineering ME (5 years)

Graduate
with a
Bachelor
of Engineering

Biomedical

Chemical & Bioprocess**

Chemical with Biochemical Minor**

Civil

Electrical

Electronic

Mechanical

Sustainable Systems

Biosystems & Food*

Biomedical

Chemical & Bioprocess*

Civil, Structural &
Environmental

Electrical Power

Electronic & Computer

Energy Systems

Engineering with Business

Materials Science &
Engineering

Mechanical

Structural Engineering
with Architecture

**Professional Work
Experience**

Graduate with
a Bachelor of
Engineering
Science + Master
of Engineering

Specialise further through UCD graduate study

Taught & Research Masters

Biopharmaceutical Engineering

Digital Technology for Sustainable Agriculture

Chemical Engineering

Electronic & Computer Engineering

Engineering Management

Environmental Technology

Food Engineering

Electrical Power Networks

Materials Science & Engineering

Structural Engineering

Sustainable Energy & Green Technologies

Water, Waste & Environmental Engineering

Robotics & Intelligent Manufacturing

Doctor of Philosophy (PhD) Engineering

Research & Academia

Shape your career with UCD Engineering

Job Sectors

Business & Media

Construction

Design

Education

Energy

Environment

Finance

Food

Healthcare

Information & Communications Technology (ICT)

Management

Manufacturing

Pharmaceuticals

Research & Academia

*The ME Biosystems and Food Engineering and ME Chemical and Bioprocess Engineering are accessible from all Engineering Pathways.

** Both BE degrees meet the educational standard for the professional title of Chartered Engineer, through the Institution of Chemical Engineers (IChemE).
